Affordable

Balai makes quality living within reach.

Each development is designed to give middle-income families access to modern, well-planned homes — proof that comfort and good design don't have to come with a high price tag.

Aspirational

Balai communities are designed to inspire pride. Modern architecture, functional layouts, and thoughtful amenities turn everyday spaces into something more — a reflection of progress and personal achievement.

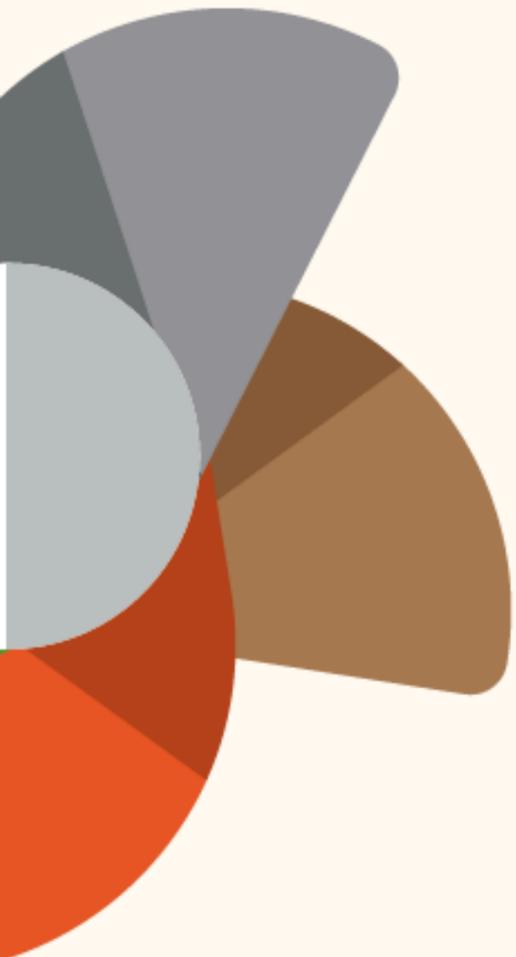

Filipino-Inspired

Balai draws warmth from our Filipino roots.
It takes cues from local architecture and the sense of community we value most — kapitbahayan, connection, and care.

Community-centric

At the heart of every Balai is a sense of belonging. Our developments go beyond buildings — they create neighborhoods. Spaces are designed for interaction, shared experiences, and everyday connection — because a true Balai is not just where you live, but where life happens together.

Growth-Oriented

Balai homes are built with the future in mind.
Strategically located in high-growth areas, every project offers opportunities for appreciation and long-term investment.

Now, for the first time, **baladi**  rises in the city.

Strategic doesn't just mean near — it means positioned where growth crosses paths.

Mandaue Global City : Cebu's Next Growth Center

Mandaue Global City is shaping up to be Cebu's next major business district — a world-class, mixed-use development rising just a few minutes from Balai Mandaue Central.

As this new CBD comes to life with modern offices, retail centers, and lifestyle spaces, the value of nearby communities will naturally rise.

That's where Balai Mandaue Central stands — strategically positioned right before the boom.

**Close enough to benefit from progress,
smartly priced before the surge.**

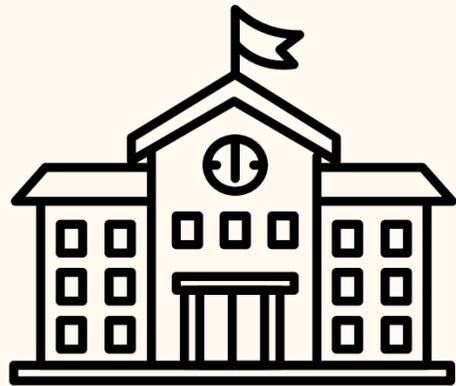

YOUR EVERYDAY, JUST A FEW STEPS AWAY

At Balai Mandaue Central, convenience isn't just a feature — it's a way of life. Located less than 200 meters from SM JMall, everything you need for your daily routine is within easy reach — shopping, groceries, dining, banks, fitness, and entertainment.
